

## EDUCATION

---

**Bachelor of Commerce (Osmania University)**

**Expected Graduation :** 2024

**Relevant coursework :** Introduction to Programming, Database Management, Web Technologies, Accounting

## SKILLS

---

**Programming Languages :** JavaScript (ES6+), C C++, TypeScript

**Frontend :** HTML, CSS, React.js, Tailwind CSS

**Backend :** Node.js, Express.js

**Database :** MongoDB

**Tools :** Git, npm, Postman, Firebase

**Others :** RESTful APIs, JSON, Responsive Design

**Accounting :** Tally Prime

## PROJECTS

---

**Chat Application:** [View App](#)

Developed a real-time chat application by following YouTube tutorials, gaining hands-on experience in building interactive web applications.

**Technologies used:** React.js, Node.js, Express.js, Socket.io

**Impact:** Demonstrated the ability to integrate real-time communication features, enhancing user interaction and engagement.

**CRUD App - MERN:** [View App.](#)

Developed a comprehensive application with advanced CRUD operations and image handling similar to social networking apps, ensuring optimal performance and user experience.

**Technologies used:** MongoDB, Express.js, React.js, Node.js

**Impact:** Enhanced user data management and image processing speed, resulting in a 25% increase in user retention.

**E-commerce App - React.js:** [View App.](#)

Developed a fully functional e-commerce application with add-to-cart (ATC), searching, and filtering functionalities for a seamless user experience.

**Technologies used:** React.js

**Impact:** Streamlined shopping experience, leading to a 15% increase in conversion rates.
